2017 U.S. Shopping Center Law Conference
CLE Information & State Approvals

We've simplified the CLE reporting process by using RFID tagged badge holders to track your attendance at each session. What does this mean for you? Zero time spent recording your hours **AND** you will be able to download your Certificate of Attendance within two weeks post-conference! **HERE'S HOW…**

All attendees seeking Continuing Legal Education (CLE) credits will confirm their attendance online after the conference in order to obtain a Certificate of Attendance and, where applicable, report those credits to the requested jurisdictions(s).

At the Conference
Let the RFID tags on Your Badge Holders Do the Work for You!

- RFID – Radio Frequency Identification – tags track your attendance at the sessions only; nowhere else.
- No tapping, no scanning, just walk through the session door.

Post-Conference
Confirm your attendance and retrieve your Certificate of Attendance

1. You will receive an email with a link to log in to the CLE system.

- In most jurisdictions, ICSC will report your credits for you! Visit https://www.icsc.org/2017LC to review the credit reporting information for your jurisdiction(s).
- If you do not confirm your attendance by the deadline given in the email, you will need to self-file with your jurisdiction(s).

RFID (Radio Frequency Identification) FAQs

Just walk on in and grab a seat! With the RFID tag on your badge holder, there's no need to scan, wave or swipe in and out of sessions. The RFID technology embedded in your badge will electronically record your attendance without slowing you down.

Can you track where I am throughout the conference space and hotel? No. The RFID tag is not GPS. We can only record your attendance when you pass through one of the RFID gates. These gates are only located within session rooms and nowhere else in the conference space or hotel.

What information is embedded in the tag? Only your registration ID and general contact information is connected to the RFID tag. No more information than what you would find on your business card.

What if I lose my badge? Not a problem! Just come back to the registration desk to pick up a new badge. The attendance records are tied to your registration ID so there's no disruption in recording your attendance.

How do I know if the RFID recorded my attendance? The RFID gates will not beep or light up in any way when you pass through; however, you will be able to view your recorded information when confirming your attendance online following the Conference.

If you have any questions or concerns with using the RFID technology, just stop by the CLE information desk to speak with an ICSC staff member.
