

2009 ICSC North American Retail Real Estate Compensation Survey ORDER FORM

Participant Report of Findings
October 2009

Sponsored by ICSC and conducted by FPL Associates L.P., this survey is designed to provide retail real estate companies with competitive compensation levels and current information regarding the design, features and administration of compensation programs. In addition, the survey requested information on leasing function compensation practices. In particular, this report provides information for three major facets of compensation: base salary (2009), annual incentive award value (for calendar/fiscal year 2008) and long-term incentive award value (for calendar/fiscal year 2008) for 64 positions commonly found in member organizations.
